## IMPORTANT INFORMATION

VPS Paint Protection Film can be permanently stained by long term exposure to Petrol, Diesel, Tar and Bug Acids. The film should thus be cleaned and waxed regularly, particularly after long trips at high speeds.

## CARE AND MAINTENANCE

Do not wash vehicle for 3 days after fitting. Thereafter the film must be washed regularly using a good quality automotive shampoo and a soft rag or sponge, and then dried with a chamois. Do not wash using a high pressure hose, as this could cause the film to lift or bubble.

Apply a good quality polymeric wax with a soft cloth within 1 week of fitting, and every 3 to 6 months thereafter. Abrasive compounds may not be used when cleaning or polishing. Wax or dirt buildup at the edge of the film may be removed using a soft toothbrush and soapy water.

Do not attempt to remove the film yourself. Should the film need to be removed, this must be done by an authorised VPS Fitment Centre.

## ACCIDENT DAMAGE

Please notify your insurers that you have had VPS 3M Scotchgard Paint Protection Film fitted to your vehicle, and submit a copy of your invoice to them so that the Scotchgard paint protection film may be included in the cover provided under your policy. In the event of accident damage to your vehicle requiring the services of a motor body repair shop, please advise the repairer that VPS is fitted to your vehicle and instruct them to avoid buffing on, or in the vicinity of the VPS paint protection film as this could damage to the paint protection film.

## LIMITED PRODUCT WARRANTY

VPS Head Office and 3M South Africa are responsible for the quality of the 3M Scotchgard Paint Protection Film installed on your vehicle. Please read the terms of the Limited Product Warranty as printed on the reverse of this Warranty Certificate carefully.

## INSTALLER'S WARRANTY

The VPS Fitment Centre which installed VPS Paint Protection Film on your vehicle is responsible for the quality of the installation work, and defective work must be referred to the VPS Fitment Centre which undertook such work. The workmanship of the VPS Fitment Centre is warranted by the Fitment Centre for a period of one year from date of installation. Please therefore address any workmanship concerns which you may have to the relevant VPS Fitment Centre within one year of installation.

Please note that workmanship is specifically excluded from the warranty provided by VPS Head Office.
